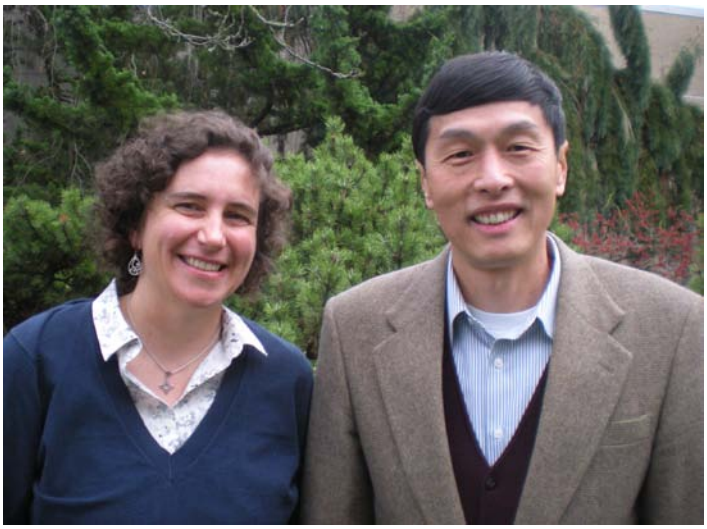
[OFFICE OF RESEARCH SERVICES AND SPONSOERED PROJECTS]

Newsletter-January 2014

Welcome New Staff: In 2013, ORSSP hired two new Sponsored Research Officers, Anpei Sun and Rebecca McColl. Anpei comes to Seattle University with over 15 years of research administration experience at major research institutions including Oregon Health Sciences University and the Fred Hutchinson Cancer Research Center. Rebecca recently joined the ORSSP team from Antioch University Seattle where she established an Office of Grants and Sponsored Programs; prior to that she worked in nonprofit foundation relations, and at the University of Washington as a research administrator. Anpei and Rebecca partner closely with faculty and staff to support all aspects of grants administration from proposal development to award management.



Grants and Sponsored Research: As we usher in the New Year, we look forward to supporting the efforts of our faculty and staff as they pursue external funds for research, scholarship, and community based programs. Please join us in congratulating our colleagues who successfully secured grants for a variety of projects this fiscal year. Between July 1, 2013 and December 31, 2013, ORSSP assisted SU faculty and staff in submitting 35 grant proposals with a total value of $4,714,479. During the same period, SU has received $4,057,008 in new awards. On the following page is the list of new awards made to Seattle University.

Grant Opportunities: All Seattle University faculty, staff, and students have access to "COS Pivot", a powerful subscription database that allows grant seekers to search through thousands of active federal and private funding opportunities and to connect with other researchers around the globe. Contact Rebecca McColl, Sponsored Research Officer, mccollr@seattleu.edu for information about getting started, finding grant opportunities, and free live and recorded training webinars offered weekly.

Celebrate Student Research: ORSSP promotes student research in several ways including providing support for student researchers to travel to conferences, organizing a team of students to present at the National Conference on Undergraduate Research (NCUR), and celebrating student scholarship each Spring at an all-day event where students present their work.

ORSSP offers undergraduates two opportunities (November and April) during the academic year to apply for conference travel support. Please join us in congratulating the following undergraduate students and their mentors. Each student has received a travel award worth $500 to support presentation of posters/papers in major conferences in their fields:

Seattle University's celebration of student scholarship and creative work (SUURA) is scheduled for May 9th, 2014. The call for proposals will be out by the end of January. The Graduate Student Council (GSC) will host a graduate student research celebration on the same day.

SUURA 2013-Posters at the Hearth

The National Conference on Undergraduate Research (NCUR) will be held at the University of Kentucky in Lexington from April 3-5, 2014. Fifteen SU students have submitted proposals to this conference. ORSSP provides full conference cost support to students. The selection for candidates for funding is through a competitive process: details will become available in the Student Resources section of the ORSSP website shortly.

In May 2013, ORSSP partnered with the Graduate Student Council (GSC) to host the first celebration of graduate student research. We continue to increase our investment in graduate student success and in the 2013-14 academic year, ORSSP also has funding available to support graduate student researchers traveling to conferences to present their work. The application and information will be available in the Student Resources section of the ORSSP website by January 15, 2014. Applications are due by February 14, 2014.

Save The Date: ORSSP and the Center for Faculty Development will be hosting a celebration of faculty scholarship and creative work on May 22, 2014 from 3:30 to 5:30 PM in STCN 160 (Le Roux Room). More details will be announced later in Winter Quarter.

Intellectual Property Policy: Seattle University recently adopted an Intellectual Property Policy. This policy was reviewed and approved by the Academic Assembly and by the Dean's Council. The policy consisting of two parts-A Copyright Ownership policy and a Patent Policy-can be found on the ORSSP website at www.seattleu.edu/orssp in the Policies & Compliance menu tab. If you have any questions regarding the policy, please contact Dr. Nalini Iyer, Director of ORSSP.

Connecting with ORSSP: ORSSP is located in USVC 203 (above the Bookstore). We work with faculty and staff on all aspects of grant management. You can find out more about us at http://www.seattleu.edu/orssp.You can email us at orssp@seattleu.edu or call us at 206-296-2597. We enjoy working with you; come by and meet with us.
