SU Core Curriculum Worksheet
for Transfer Students with less than 45 credits

Students transferring to SU with fewer than 45 credits complete the regular Core Curriculum, but individual transferred courses may fulfill many of the Core requirements. These courses are evaluated on a case-by-case basis to fulfill specific requirements.

How to use this worksheet as a preliminary step to help you plan for the Core courses you will take:

1. As you review the Core requirements on the left, identify the course requirements you need to satisfy.
2. Use the Undergraduate Bulletin of Information in conjunction with this process, identifying course options, and consulting the section on your major for any additional requirements, exceptions, and/or stipulated courses you may have. Site address: http://www.seattleu.edu/home/learning_teaching/bulletins_of_information/undergraduate/
3. Where you have course choices, look at core course descriptions in the Bulletin of Information and write down course options that you are interested in taking.
4. If you are unsure what school of college your major is in, find out at www.seattleu.edu/home/learning_teaching/academic_programs/undergraduate_programs/

The exclamation point signals information you don't want to miss— these alerts may apply to you.

PHASE I: FOUNDATIONS OF WISDOM

	I have satisfied these course requirements	I need to plan for these course requirements	List course preferences that satisfy these requirements:
English Two **5 credit** courses in writing and literature fulfill your Core English requirement: ENGL 110 College Writing: Inquiry & Argument ENGL 120 Introduction to Literature	☐ ☐	☐ ☐	**No options for this requirement** **No options for this requirement**
First Philosophy One **5 credit** course fulfills your first Core Philosophy requirement and usually must be taken at Seattle University. PHIL 110 Introduction to Philosophy and Critical Thinking	☐	☐	**No options for this requirement**
History One **5 credit** course fulfills your first Core History requirement Business, Nursing, and Science & Engineering Majors: Take one of the two following **5 credit** courses: HIST 120 Origins of Western Civilization or HIST 121 Studies in Modern Civilization Arts and Sciences Majors: All A&S Majors must take HIST 120 for Core and a second 5 credit history course (HIST 121 or 231) to fulfill the additional College history requirement. To identify your second history course options, consult the section on your major in the Bulletin of Information.	☐ ☐	☐ ☐	_____ _____ **Additional college requirement options for Arts & Science Majors:** _____ _____ _____
Fine Arts Select one **5 credit** Fine Arts course option in visual art, drama or music. Science and Engineering Major exceptions: Clinical Lab Science, Diagnostic Ultrasound, Civil & Mechanical Engineering are exempt from this requirement. Electrical Engineering majors choose between the Fine Arts requirement and the Social Science II requirement. Consult the Undergraduate Bulletin of Information or SU Online for Fine Arts course options	☐	☐	_____ _____ _____
Mathematics This Core requirement is a minimum of one **5 credit** course in mathematics (100 level or above). Initial course placement, by school or college is determined by SAT or ACT score. If seeking placement into higher level math course, you may take the Math Placement Exam. Math requirements by school or college: Arts and Science Majors: MATH 107, 110, 118, 120, 130, 131, or 134 Business Majors: MATH 130 or 134 Nursing Majors: MATH 110 [major requirement; need C minimum] Science & Engineering Majors: Most majors in this college have multiple math requirements, usually starting with MATH 134. Some A&S majors require MATH 110 or above—be sure to check your requirement	☐	☐	_____ _____ _____
Laboratory Science Select one **5 credit** Lab Science option biology, chemistry, interdisciplinary science, or physics Science and Engineering Major exceptions: With the exception of Math and the Bachelor of Arts Degrees in Computer Science, all majors have this requirement fulfilled by major/program courses. Arts and Science Major exception: Social Work majors must take Biology 101 Consult the Bulletin of Information or SU Online 5 credit Core designated Lab Science course options	☐	☐	_____ _____ _____
Modern Language for Arts & Science Majors & International Business Majors Modern Language, while technically not a Core requirement and limited to two schools, is significant enough to include here as it impacts a large number of students in their course planning. Language competency is ordinarily achieved by completion of three, **5 credit, sequenced** courses typically taken during the freshmen year. Language choices include Arabic, Chinese, French, German, Italian, Spanish, Japanese, and Latin. Business Major exception: International Business majors select two of four supplemental activities for the degree, of which one option is Modern Language competency to the 135 level. To identify your requirement options, consult the section on your major in the Bulletin of Information. Placement into other than the beginning course of the sequence is achieved by acceptable performance on the Modern Language Competency Examination administered by the Modern Language Department. No pass/fail, correspondence, or audit.	☐	☐	_____ _____ _____

PHASE II: PERSON IN SOCIETY

	I have satisfied these Core requirements	I need to plan for these course requirements	List course preferences that satisfy these requirements:
Social Science I	☐	☐	
Social Science II	☐	☐	
Second Philosophy	☐	☐	No options for this requirement
First Theology	☐	☐	

Social Science I

Select a **5 credit** Social Science course from those listed below:

ANTH 120: Anthropological Perspectives
CISS 120: Poverty in America
PLSC 120: Citizenship
PSYC 120: Introductory Psychology
SOCL 120: Sociological Perspectives

Occasionally other Social Science I & II courses are offered. When doing class searches on SU Online, consult the "comments" field. These courses will be identified as core options.

Social Science II

Select one of the 5 credit courses listed below. This selection must be in a different discipline than your Social Science I course.

ANTH 230: Cultural Analysis
CRJS 200: Deviance and Social Control
CRJS 210: Law, Society & Justice
ECON 271/272: Principles of Economics: Macro & Micro
PLSC 200: Intro to American Politics
PLSC 230: Comparing Nations
PLSC 250: Intro to Political Theory
PLSC 260: Intro to International Politics
PSYC 210: Personality Adjustment
SOCL 210: Social Problems
SOCL 219: Deviance and Social Control
SOCL 222: Society and Behavior

Students who major in one of the social science disciplines must take both of the required Core social science courses outside of their major disciplines.

Check here for requirement exceptions in you major:

Check the following requirement exceptions in you major:

Arts & Science Major Exceptions:

Asian Studies
Social Science II: Choose ECON 271, ECON 272, PLSC 230, or PLSC 260

Criminal Justice (Forensic Psychology)
Social Science I : PSYC 120 Required
Social Science II: No PSYC options

Criminal Justice (Forensic Science)
No Social Science I

Cultural Anthropology
Social Science I & II: No ANTH options

Environmental Studies
Social Science II: ECON 272 Required

International Studies
Social Science II: ECON 271 Required

Political Science and Public Affairs
Social Science I: Not PLSC 120
Social Science II: ECON 271 Required

Psychology
Social Science I & II: Not PSYC 120, 210

Sociology
Social Science I & II: Not SOCL 120, 210, 219, 222

Business - All majors
Social Science II: ECON 271 Required

Nursing Majors
Social Science I: PSYC 120 Required (program/major requirement: 2.0 or C minimum grade allowed)
Social Science II: Not PSYC 210

Science and Engineering Major exceptions:

Civil Engineering & Mechanical Engineering
Social Science II: CEEGR 402 Engr Economy

Second Philosophy

A **5 credit** course fulfills your second Core Philosophy requirement

PHIL 220 Philosophy of the Human Person [prerequisite: PHIL 110]
or
PHIL 210 only students who have not been required to take PHIL 110 at SU take this course

First Theology

Select one **5 credit** course from the THRS 200-299 menu of classes. Students must take the 200 level Theology/Religious course before they take the 300 level. This course usually must be satisfied at Seattle University.

Usually, all the THRS 200-299 course listings are "approved" Phase II options, but consult SU-Online course comments

PHASE III: RESPONSIBILITY & SERVICE

Ethics Requirement	☐	☐	
Second Theology/Religious Studies Requirement	☐	☐	
Interdisciplinary Requirement	☐	☐	
Senior Synthesis Requirement	☐	☐	

Ethics Requirement

Select a **5 credit** course in Ethics from the following options:

All students are required to fulfill this requirement at Seattle University

PHIL 312 Social Ethics
PHIL 345 Ethics
PHIL 351/BETH 351 Business Ethics
PHIL 352 Health Care Ethics
PHIL 353 Ethics in Science /Technology
PHIL 354 Ethics and Criminal Justice
PHIL 358 Communication Ethics
PHIL 359 Professional Ethics
THRS 325 Core Ethics: Christian Perspective

Second Theology/Religious Studies Requirement

Select a **5 credit** course from THRS 300-399 menu of classes.

Usually all THRS 300-399 course listings are "approved" Phase III options; consult SU-Online course comments.

All students are required to fulfill this requirement at Seattle University

Interdisciplinary Requirement

A **3 to 5 credit** interdisciplinary course (one that deals with a contemporary issue from a multidisciplinary perspective) approved by the University CORE.

These approved offerings can be found on SU-Online's class search function, and Usually are numbered 480—484.

Major Exceptions:
Criminal Justice students, Business students, Diagnostic Ultrasound students and Engineering students have this requirement "fulfilled by major."

All students are required to fulfill this requirement at Seattle University

Senior Synthesis Requirement

A course or project of **3 to 5 credits** approved by the student's major department and the CORE director as fulfilling the objectives of the senior synthesis requirement.

All students are required to fulfill this requirement at Seattle University
