Join us for a presentation by CEJS Faculty Fellows, **Quan Le** and **Shiny Abraham**. Dr. Le will discuss the collaboration of Seattle University and Nicaraguan smallholder cooperatives in bringing Fair Trade and Organic Coffee Café Ambiental to the community. Dr. Abraham will focus on the use of Internet of Things (IoT) technology to build and deploy smart, connected sensors that provide monitoring of air, water, and soil quality.

**Dr. Quan Le**

Associate Professor, Department of Economics at Albers School of Business and Economics

**Dr. Shiny Abraham**

Assistant Professor, Department of Electrical and Computer Engineering
