ALSTOM Grid

Website: www.alstom.com

Recruiting: Computer Science Majors
Internships

Accepting applications from international students

The newest sector of ALSTOM, ALSTOM Grid has over 100 years of expertise in electrical grids. ALSTOM Grid Inc. is an active player around the globe. It designs, manufactures and supplies a complete range of products, systems and services for all stages of electricity flow, including energy automation and information, protection and control equipment, high and medium voltage switch gear, transformers and instruments. Whether for utilities or electro-intensive industries or facilitating the trading of energy, ALSTOM Grid brings power to their customers' projects.

ALSTOM Grid ranks among the top 3 in electrical transmission sector with a sales turnover of approximately € 3.5 billion in 2009. At the heart of the development of Smart Grid, ALSTOM Grid offers products, services and integrated energy management solutions across the full energy value chain—from power generation, through transmission and distribution grids and to the large end user. ALSTOM Grid Inc. employs approximately 1,000 persons in the United States and its corporate headquarters are located in Philadelphia, Pennsylvania. Its yearly gross sales are approximately \$400 million. The ALSTOM Grid group of companies have manufacturing facilities in 41 countries, a sales network in more than 100 countries, annual revenue in excess of €11.9 billion, and approximately 75,000 employees worldwide.

Amazon.com

Website: www.amazon.com/career

Recruiting: All Business Majors, Computer Science Majors, MPAC
Full-time Positions & Internships

Current postings in The Redhawk Network: Financial Accounting Intern, Financial Analyst Intern, Technical Support Engineer

Accepting applications from international students

Amazon.com opened its virtual doors in July 1995 with a mission to use the Internet to transform book buying into the fastest, easiest, and most enjoyable shopping experience possible. While our customer base and product offerings have grown considerably since our early days, we still maintain our founding commitment to customer satisfaction and the delivery of an educational and inspiring shopping experience.

Recruiting: All Science & Engineering Majors
Internships

Astronics Advanced Electronic Systems (AES) in Kirkland, Washington is a \$100M division of Astronics Corporation (ATRO). AES is an industry leader in aircraft electrical power systems, including generation and distribution. Our markets include commercial transport (Boeing and Airbus), business jet (several), and military platforms. We are the world leader in in-seat power for laptops and other devices with our EmPower® product line. We are also the world's leading innovator of electronic circuit breakers and power distribution systems for business jets with our CorePower® product line. Astronics' revenues have grown at a 41% average growth rate over the last 5 years. Astronics AES has over 375 employees, and has won awards as the best place to work on the Seattle Eastside for 7 years consecutively.

Avalara

Website: www.avalara.com

Recruiting: Computer Science, Electrical Engineering, Marketing, Management
Full-time Positions (Inside Sales Representative, Marketing Manager,
Content Administrator, Software Engineer, Site Reliability Engineer)

Accepting applications from international students

Our Headquarters on Bainbridge Island, Washington is a modern, sprawling, 3-story building. And while most of us tend to take the stairs, the elevator ride is short. Which is why it's good that our "elevator speech" is short as well. "We provide the fastest, easiest, most accurate and affordable way to manage sales tax compliance."

That's our value proposition, and it's all there in a nice little nutshell. But if it were a longer elevator ride – a really big high-rise, our story might be longer. We'd talk about how Avalara is a Software-as-a-Service, cloud-based, transaction-tax solution that integrates directly into existing workflow processes. We eliminate the tedious work and complexity of calculating, collecting, reporting on, and remitting taxes across multiple jurisdictions.

We offer integrations with more financial, e-commerce, point-of-sales and mobile applications than any other transactional-tax solution on the market.

Today our tax decision engine processes more than 1.7 million tax calculations every day. We file more than 500,000 tax returns every year for more than 25,000 licensed users throughout the U.S., Canada and abroad. And with the stunning growth we've been experiencing, you can know that as sure as your reading this, those numbers are already outdated.

Cambia Health Solutions

Website: www.cambiahealth.com

Recruiting: All Business and Engineering Majors, MBA, MSF, MPAC & Masters of Software Engineering
Full-Time Positions & Internships

Current postings in The Redhawk Network: Actuarial Intern, IT Associate, Accountant II, III or Sr, Summer Actuarial Intern

Pearl Harbor Naval Shipyard (PHNS)

Website: www.navsea.navy.mil/shipyards/pearl/

Recruiting: Civil Engineering, Environmental Engineering , Electrical Engineering, Computer Science, & Mechanical Engineering
Full-time Jobs

Current posting in The Redhawk Network: Nuclear, General, Mechanical, Structural, Electrical/Electronic Engineer in Pearl Harbor, HI

Pearl Harbor Naval Shipyard and IMF is the largest industrial employer in the State of Hawaii, with over 4900 civilian and military employees, and over 800 engineers. Our engineers are employed to provide the technical guidance through procedures and on-the-job direction of the workforce to maintain, repair and upgrade the surface ships and nuclear submarines assigned to the Pacific Fleet.

Physio-Control

Website: www.physio-control.com/

Recruiting: Accounting, Electrical Engineering, Marketing, Management, & Mechanical Engineering Majors
Internships

Accepting applications from international students

We make lifesaving tools for lifesaving teams... unique medical solutions of the highest quality, which predict or urgently intervene in life-threatening cardiorespiratory events.

Our Vision, "We envision a society in which no person dies suddenly as a result of a cardiorespiratory event."

We develop technologies and design devices according to the unique needs of our customers. Rather than one-size-fits-all solutions, Physio-Control products are designed for you, to work like you work. That's why our offerings include a full range of services and complementary products that form an emergency response system. Data management software, round-the-clock technical service, training, medical assistance, leasing programs and liability protection all work in partnership to help you perform the most critical task — saving a life. Paramedics, EMTs and firefighters trust our rugged and ultra-portable professional-grade tools. Clinical care providers choose our products to help them optimize patient care and improve operational effectiveness. Governments and employers partner with us to enhance public health and safety through intuitive, accessible, and easy-to-use lifesaving products.

EMPLOYER DIRECTORY

Premera Blue Cross

Website: www.premera.com/careers

The Boeing Company

Website: www.boeing.com/careers

Recruiting: Most Business & Engineering Majors
Full-time Positions & Internships

Current posting in The Redhawk Network: Boeing Business Internship Program,
Electrical Engineering Internship, Shared Services Group Internships

Accepting applications from international students

Boeing is the world's largest aerospace company and leading manufacturer of commercial jetliners and defense, space and security systems. A top U.S. exporter, the company supports airlines and U.S. and allied government customers in more than 90 countries. Boeing products and tailored services include commercial and military aircraft, satellites, weapons, electronic and defense systems, launch systems, advanced information and communication systems, and performance-based logistics and training.

Boeing has a long tradition of aerospace leadership and innovation. The company continues to expand its product line and services to meet emerging customer needs. Its broad range of capabilities includes creating new, more efficient members of its commercial airplane family; integrating military platforms, defense systems and the warfighter through network-enabled solutions; creating advanced technology solutions; and arranging innovative customer-financing options.

With corporate offices in Chicago, Boeing employs more than 159,000 people across the United States and in 70 countries. This represents one of the most diverse, talented and innovative workforces anywhere. More than 123,000 employees hold college degrees -- including nearly 32,000 advanced degrees -- in virtually every business and technical field from approximately 2,700 colleges and universities worldwide. Our enterprise also leverages the talents of hundreds of thousands more skilled people working for Boeing suppliers worldwide.

Wells Fargo & Company

Website: www.wellsfargo.com/careers/

Recruiting: All Business Majors
Full-time Positions (Personal Banker & Teller)

Wells Fargo & Company is a diversified financial services company providing banking, insurance, investments, mortgage, and consumer and commercial finance through more than 9,000 stores and 12,198 ATMs and the Internet (wellsfargo.com) across North America and internationally.

We're headquartered in San Francisco, but we're decentralized so every local Wells Fargo store is a headquarters for satisfying all our customers' financial needs and helping them succeed financially. One in three households in America does business with Wells Fargo.

Wells Fargo has \$1.3 trillion in assets and more than 270,000 team members across our 80+ businesses.

We ranked fourth in assets and first in market value of our stock among our U.S. peers, and second in market value of our stock among financial services companies, as of March 31, 2012. Our vision: "We want to satisfy all our customers' financial needs and help them succeed financially."

With the experience to create the most ambitious visions as well as the skills to implement the smallest details of our client's most critical projects, West Monroe Partners is a proven provider of growth and efficiency to large enterprises, as well as more nimble middle-market organizations. Our more than 300 consulting professionals drive better business results by harnessing our collective experience across a range of industries, serving clients out of offices across the US and Canada.

Zillow.com

Website: www.zillow.com

Recruiting: Computer Science, Management, & Marketing Majors
Full-time Positions (Sales, Tech & Marketing)

Current posting in The Redhawk Network: Advertising Sales

Zillow is a leading online real estate marketplace dedicated to helping homeowners, buyers, sellers, renters, real estate agents, mortgage professionals, landlords, and property managers find and share vital information about homes, real estate, and mortgages.

Our goal is to help people make intelligent decisions about their homes - whether it's buying a home, selling, renting, leasing, remodeling or financing - it's all about empowering people with data and information.

The Zillow name evolved from the desire to make zillions of data points for homes accessible to everyone. And, since a home is about more than just data -- it is where you lay your head to rest at night, like a pillow - "Zillow" was born.

Zones, Inc.

Website: careers.zones.com

Recruiting: All Business & Engineering Majors
Full-time Positions

Current posting in The Redhawk Network: Account Executive - Technology Sales

Zones, Inc. is a national provider of IT products and solutions to businesses.
