New Digital Media Minor

The Digital Media Minor offers a chance to pursue developing your storytelling passions through the medium of digital video and Internet communications.

This minor combines four creative and technical courses in digital production with two analytical and critical courses examining the role of media in contemporary society. Actual projects undertaken in all courses will emphasize the use of digital video and Internet communications for social change. The minor can particularly assist students in such majors as Business, English, Film Studies, Creative Writing, Non-Profit Leadership, Political Science, Environmental Studies, Marketing, Fine Arts, and others to critically evaluate as well as create messages for Internet and computer-based communications.

The first class in the minor, CMJR 222, Introduction to Digital Production is being offered this winter quarter, 2011.

For further information, please contact Dr. James Forsher at forsherj@seattleu.edu or 206 296 2811.

2 Credit Course Option - CPSC 100-01 Introduction to Computer Science MTWF 12:15 – 1:20 pm

A 2 credit course, CSSE 192, Introduction to Computer Science, is being offered the latter half of Fall quarter beginning **November 5, 2010**. The class is open to any student wishing to take a 2 credit class. The course is an introduction to different areas of computer science. Potential topics may include: software, hardware, databases, networks, security, graphics, and human computer interaction. A lab component introduces students to programming using an easy-to-use programming language. It is open to all students who are interested in learning more about computer science. No prior programming skills necessary. Advisors should be aware of the following:

- the class is open to anyone wishing to take a 2 credit class
- the class is highly recommended for students thinking about getting a major or minor in computer science
- there are no prerequisites

New Electronic Graduation Advisor and Student Letter

This fall, the Office of the Registrar has transitioned from the paper version of the graduation advisor and student letter to the Electronic Graduation Advisor and Student Letter. This process will now utilize SUonline for completion of the letter and email for communications. You can review the procedure for completing the letter [here](#). If you have questions, please contact Andrew Anderson, Associate Registrar for Operations at 296-5858 or email, andersa@seattleu.edu.

WORKSHOPS & EVENTS FOR ADVISORS

“Graduation & Commencement: Not the Same Thing” [Sign Up](#)

Date: **Tuesday, November 9th**

Time: **11:45 am to 1:30pm**

Location: **TBA**

Lunch provided

Learn about the application process for graduation and how we audit degree requirements. We will also share the most common reasons why students do not graduate and how these pitfalls can be avoided. Questions about attending commencement with deficiencies will be answered as well.

Presented by Leigh Miller, Lead Student Academic Specialist, and Beth McElroy, Student Academic Specialist, with the Office of the Registrar.

Tips and Tools for Advising as a Teaching and Learning Process

NACADA Webcast [Sign Up](#)
