- If you're interested in going to a graduate school for health professions, such as Med School, you should take Math-1021 (or higher) instead of UCOR-1200, and should not take UCOR-1800 because it will be covered by BIOL 1610/1611, CHEM 1500/1501, PHYS 1050/1051, or PHYS 1210/1211 at least one of which you will need to take to prepare for health grad school. Talk to your advisor for more guidance.
