INTRODUCTION: Resident First-Year Undergraduates Parking Waiver Petition Form

Students who wish to petition for a waiver may do so by completing and submitting a Resident First-Year Undergraduates Waiver Petition Form and other supporting documents. Documents must be submitted to the Department of Transportation and Parking Services (TPS) or may be sent electronically to ParkingServices@seattleu.edu. Submitting a request for a waiver does not guarantee approval nor should acceptance of the request by TPS be construed as a commitment to approve the waiver.

Students who can demonstrate a **compelling** need or who would suffer <u>undue</u> hardship due to the restriction on residential First-Year Undergraduates' cars can petition for a waiver. Waivers are reviewed by the AVP of Facilities and Campus Services or an appointee and will be kept to an absolute minimum.

Waiver Request Exceptions

- Off-campus employment (minimum 20 hours)
- Medical documented medical condition.
- Extenuating Family Circumstances.
- University Obligation or Commitment.

Waiver requests must be approved *prior* to bringing the vehicle to campus. If approved, the student will be able to purchase a permit for the academic year. To submit a request for a waiver, students must complete waiver petition form.

After the waiver request deadlines, the application process is closed.

Submit waiver requests to the Transportation and Parking Services or to ParkingServices@seattleu.edu.

DOCUMENTS REQUIRED:

- 1. **Off-campus Employment** Waivers will be granted in this category on a very limited basis. Waivers should include a signed, notarized letter on company letterhead from employer stating days and hours of employment. Letter shall include employer's telephone number. A current payroll stub may also be required. Students must show 20 hours/week of regular, scheduled employment.
- 2. **Medical reasons** requires a letter from a licensed physician indicating a legitimate medical need. This letter should explain in detail the nature of the problem, the reason(s) for the student to have ready access to their own transportation and the time-frame being projected for this need.
- 3. **Extenuating Family Circumstances** requires a legitimate written justification stating the reason for exception and all supporting documentation to positively establish your case.
- 4. **University Obligation or Commitment** requires a letter from a University sponsor/coach/instructor stating the University obligation. Such obligations include athletic, band, internship, class participation off campus, etc.

Waiver Request Deadlines		
Fall Quarter	September 24th	
Winter Quarter	January 10th	
Spring Quarter	April 4th	

It is important to note that no student under consideration for an exception should bring a vehicle to campus until approval to purchase a resident decal has been granted. Please allow one (1) weeks for the approval process.

Rationale: Resident First-Year Undergratuates Parking Waivers

An initiative of the Seattle University's Transportation Management Plan (TMP) is to increase the use of alternative methods of transportation by university community members. It is also a goal that a growing commuter population of students, faculty and staff are provided efficient on-campus parking accommodations. This is a consistent challenge that is continually monitored and managed as on-campus parking at Seattle University is extremely limited.

Definition: A Resident First-Year Undergraduate is a student living on campus who is in their first year of college. Non-traditional first-year undergraduates are 21 years or older. Non-traditional first-year undergraduates do not fall under this policy.

Please direct all inquiries regarding the status of your appeal to: ParkingServices@seattleu.edu.
